

GENERAL INFO

TRAVEL

All participants/travelers first need to reach the Split port. It is very close to the train and bus stations. From the Split airport, one has to take a shuttlebus to the Split port, cca 30-45 minutes. From the Split port there are a few daily ferry and catamaran lines to Vis. At www.jadrolinija.hr you can check the timetable to arrange your personal travel itineraries.

Once you arrive to the island of Vis, there is a shuttle bus at the port linked to the ferry itinerary that immediately goes to Komiža, and you can check its timetable here: <https://www.komiza.hr/wp-content/uploads/2026/07/Komi%C5%BEa-Vis-Komi%C5%BEa.pdf> (you arrive directly to the center of Komiža, from where you walk to Hotel Biševo). In some cases, the bus also stops very close to Hotel Biševo (a 2-minute walk).

KOMIŽA

Komiža is a small town, with all locations within 10 minutes of walkable reach, so you cannot get lost! Bear in mind that it is high season and this small fishing place is fully packed, and it's not Manhattan (although you can visit a nice pastry place called Cukar near one of the venues). We advise you to slow down and accommodate the pace of life on the island :)

ACCOMMODATION AND MEALS

Participants are accommodated in private accommodation and in Hotel Biševo, where part of the program will take place.

Breakfast and dinner will be provided to all participants at the hotel. The hotel does not provide lunch, so participants will need to arrange their lunch on their own during the break.

All registered participants who are in private accommodation join breakfast and dinner in the hotel after asking for a card with their full name and surname at the hotel reception. Please note that the costs of these meals should be covered by the Green Academy partners who invited you, IPE or yourself, depending on the arrangement. Also, in case your partner (spouse, child, friend) joined you, their costs need to be covered separately.

Arm yourself with a bit of patience as life on the island tends to be relaxed and slow, that's why we have chosen it.

*Participants joining the “TOUR DE ISSA: Study visit to the Island School of Social Autonomy” session (24/8, max 15 people; includes some voluntary work with dry-stone wall, refreshments and a conversation with Srećko Horvat) are advised to bring a hat, a bottle of water, gloves and hiking shoes (the terrain is not suitable for flip-flops). Duration: 4-5 hours.

**Participants joining the “POST-DIGITAL FUTURES” workshop on the sailing boat (24/8 max 8 people) are advised to bring swimsuits (and change of clothes), a towel and light footwear. Expect your feet to get wet. Cotton shirts, shorts or a sarong are advised, as well as hats, sunglasses, and sunscreen with high SPF. There will be water and light snack on board. However, feel free to bring cold drinks. Duration: cca 5 hours.
